

someone laughing
at a joke I made

finally eating the food
that I crave for
(& it tastes exactly
like I imagined)

celebrating
wins with
friends &
family

getting a compliment
that I wasn't
expecting

discovering
(& enjoying)
new musicals!

spending time
with close friends &
talking till our throats
hurt

laughing till
I cry

family game
night!
trying out new
games and
hobbies (both
alone & with others)

i almost forgot that
this is the whole point:

conversations that
feel easy &
comforting

eating a bowl
of cold, sweet,
& refreshing fruits

freshly washed
bedsheets & blanket

Solo travelling

seeing a new
country for the
first time

reading
a really
good book

eating new
foods that I've
never tried
before
